## PREFACE

This volume is an Alphabetical Index to all the proceedings of the House of Commons and the related Sessional Papers of the Parliament of Canada, from the year 1916 to the year 1930, inclusive. It is the fifth of a series of General Indexes, the first of which embraces from 1867 to 1876, the second from 1877 to 1890, the third from 1891 to 1903, and the fourth from 1904 to 1915, inclusive.

All matters relating to the same subject discussed or acted upon by the House of Commons during the period named are here arranged, with their references in chronological order; and numerous other references and cross references have been added to make the contents of the Journals and Sessional Papers more readily accessible.

By its exhaustive references to the transactions of the House of Commons and to the Reports of Departments and Committees this work provides a key to the official History of the Dominion for the fourteen years covered, and is therefor indispensable for Members of Parliament, of the Civil Service and of Canadian publicists generally.

It has been carefully prepared at the instance of the Speaker, the Honourable George Black, and under the direction of Dr. Beauchesne, K.C., the Clerk of the House.
